About Us

At Kontroltek, we're all about breathing new life into faulty industrial electronic and mechanical parts.

Since 2011 we have been on a continuous journey of growth helping customers with repairs globally.

In 2024, we transitioned to become an employee-owned company.

Now, our employees are even more personally invested in your satisfaction, ensuring exceptional service.

With competitive pricing and fast turnaround times, we have become an industry leader for sustainable repairs.

Our mission as your repair partner is to minimise downtime and ensure your operations keep running smoothly.

Why Choose Us?

With over 1000 years combined experience, our expertise in repairing industrial automation parts is unparalleled.

We've built robust partnerships with a wide range of customers, providing support across industries, repairing used and obsolete parts from leading brands.

Free UK Collection & Competitive Quotes

Our goal is to get your part(s) repaired as quickly as possible, that's why we offer a free collection and competitive quotation service.

Expert Engineers

We are proud to say that we have some of the most talented engineers in the electronic and mechanical repair industry, ready to repair any faulty parts 365 days a year.

12 Month Repair Warranty

Rest assured, all parts repaired are backed by our 12-month warranty, providing you with added peace of mind for your day-to-day operations.

Dedicated Customer Services

We have a dedicated customer service team to manage each repair job, keeping you in the loop throughout the whole repair process.

Motors & Mechanical

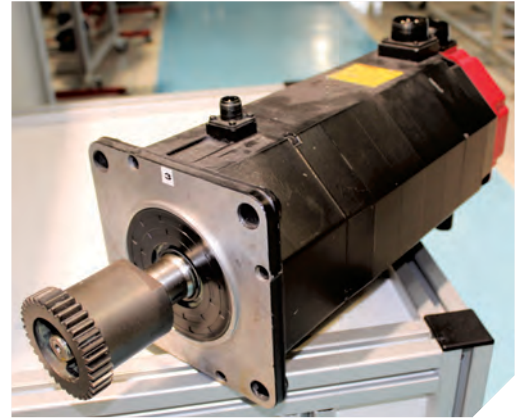

Our workshops boast a dedicated, clean and well-resourced area specifically designed for electric motor and mechanical repairs.

Whether you have an AC, DC or Servo motor in need of repair, our experienced engineers can handle it all.

We also repair Fans, Gearboxes, Pumps and other mechanical parts with common faults, including worn bearings, leaky seals and offer a full Rotor and Fan balancing service.

- ✔ **Free Collection & Quotation**
- ✔ **24/7 Emergency Service**
- ✔ **Full Function Testing**
- ✔ **12 Month Warranty**
- ✔ **Fast Turnaround**

**Siemens, FANUC, Lenze,
Allen Bradley, ABB, + More**

We Repair...

- ✔ AC Motors
- ✔ DC Motors
- ✔ Servo Motors
- ✔ Spindle Motors
- ✔ Gearboxes

Motor Drives & Servos

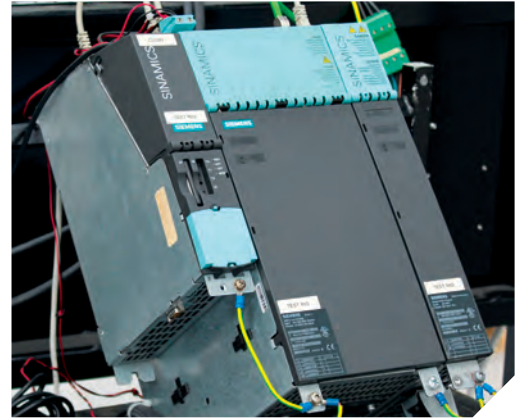

We repair all types and sizes of industrial motor drives. Upon repair we always replace all electrolytic capacitors, extending the operational life of your drive.

After repair, we load test the drive using an appropriate motor and run it with or without feedback - resolver, encoder or tacho.

We can also use various control methods including Analogue, RS-485 and Fieldbus, ensuring appropriate testing.

- ✔ **Free Collection & Quotation**
- ✔ **24/7 Emergency Service**
- ✔ **Full Function Testing**
- ✔ **12 Month Warranty**
- ✔ **Fast Turnaround**

**Siemens, FANUC, Lenze,
Allen Bradley, ABB, + More**

We Repair...

- ✔ AC (Inverters)
- ✔ DC (Converters)
- ✔ Servo Drives
- ✔ Spindle Drives
- ✔ Stepper Drives

PLC Repair

Our engineers have extensive experience in repairing both PLC hardware and software.

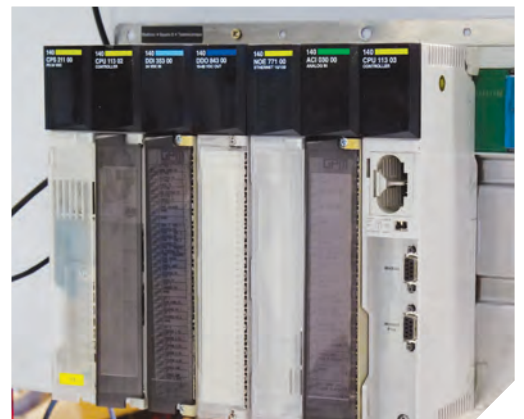

We can repair 95% of existing PLC modules in the industry and we can work with a wide range of brands and formats such as Ladder, Function Block and Statement List.

All items are tested, with outputs driving into loads via a test sequence.

This ensures that the repair can function normally and under full load conditions for a given length of time.

- ✔ **Free Collection & Quotation**
- ✔ **24/7 Emergency Service**
- ✔ **Full Function Testing**
- ✔ **12 Month Warranty**
- ✔ **Fast Turnaround**

**Siemens, Schneider Electric,
Allen Bradley, ABB, + More**

We Repair...

- ✔ I/O Modules
- ✔ Interface Modules
- ✔ Memory Modules
- ✔ PLC Programming
- ✔ Software Backup

Industrial PCB's & PC's

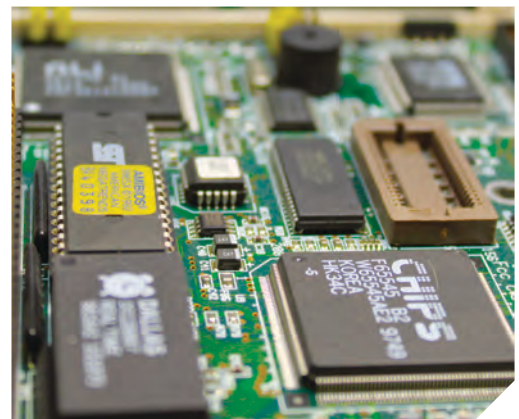

PCB (Printed Circuit Board) repairs are one of our most popular services and repairs are performed daily.

Whether the PCB is part of a large automated plant or a smaller, discrete system, our engineers will examine the board and locate the fault.

We test, clean and lacquer every repaired PCB before returning it to the customer.

We also specialise in repairing Industrial PCs used in 24/7 manufacturing environments.

- ✔ **Free Collection & Quotation**
- ✔ **24/7 Emergency Service**
- ✔ **Full Function Testing**
- ✔ **12 Month Warranty**
- ✔ **Fast Turnaround**

We Repair...

- ✔ Single Layer
- ✔ Double Layer
- ✔ Multi Layer
- ✔ Industrial PC's

Industrial Robot Repair

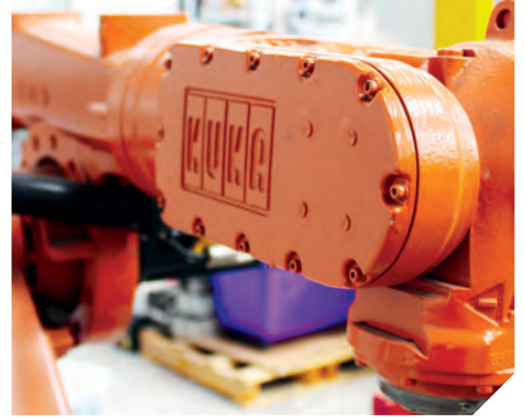

We specialise in repairing critical components of industrial robotics, including servo and spindle motors tailored for specific applications like machine tools.

Our experienced engineers test all repairs using custom-built OEM robotic testing facilities to ensure equipment meets or exceeds original performance standards.

We also offer cost-effective solutions to extend the lifespan of robotic hand-held pendants.

- ✔ **Free Collection & Quotation**
- ✔ **24/7 Emergency Service**
- ✔ **Full Function Testing**
- ✔ **12 Month Warranty**
- ✔ **Fast Turnaround**

FANUC, ABB, Kuka, + More

We Repair...

- ✔ Servo Drives
- ✔ Servo Motors
- ✔ Power Supplies
- ✔ Teach Pendants
- ✔ Robot Boards
